<p>The Lord of the Rings is an epic high-fantasy novel written by English author J. R. R. Tolkien. The story began as a sequel to Tolkien's 1

937 fantasy novel The Hobbit, but eventually developed into a much larger work. Written in stages between 1937 and 1949, The Lord of the Rings

is the best-selling novel ever written, with over 150 million copies sold.</p>

<p>The story begins in the Shire, where the Hobbit Frodo Baggins inherits the Ring from Bilbo Baggins, his cousin and guardian. Neither

is aware of its origin and nature, but Gandalf the Grey, a wizard and old friend of BilboA suspects the Ring's identity. When he becomes certain,

e strongly advises Frodo to take it away from the Shire. accompanied by his gardener and friend, Samwise ("Sam") Gamgee, and two

cousins, Meriadoc ("Merry") Brandybuck and Peregrin ("Pippin") Took. They nearly encounter the Nazgûl while still in the

Shire, but shake off pursuit by cutting through the Old Forest, where they are aided by the enigmatic Tom Bombadil...</p>

In the Second Age of Middle Earth, the Dark Lord Sauron forges the One Ring in Mount Doom to conquer all.

An army of men and elves battle Sauron's forces in Mordor, where King Isildur of Gondor slays Sauron,

but the evil influence of the Ring corrupts Isildur, preventing him from destroying it in Mount Doom.

Isildur is later killed by Orcs, and the Ring is lost, found and owned by Gollum for five centuries.

The Ring is then found by a Hobbit named Bilbo Baggins.

Sixty years on, Bilbo celebrates his 111th birthday in the Shire, reuniting with his old friend Gandalf

the Grey. Bilbo reveals he intends on leaving the Shire for one last adventure and leaves his inheritance

to his nephew Frodo, including the Ring. Gandalf investigates the Ring, discovering its true identity and

warns Frodo. Learning Gollum was tortured by Orcs and told them that Bilbo took the Ring, Gandalf

instructs Frodo to leave the Shire, accompanied by his gardener Samwise Gamgee. Gandalf rides to Isengard,

meeting fellow wizard Saruman.

Frodo Baggins and Samwise Gamgee
continue their journey to Mordor to destroy the One Ring by throwing
it into Mount Doom. They are attacked in the
night by Gollum, former owner of the Ring, but they capture
him. Sympathising with Gollum for their
shared burden, Frodo asks Gollum to lead them safely to Mordor,
despite Sam's objections. Meanwhile,
Aragorn, Legolas, and Gimli pursue the Uruk-hai who kidnapped their
friends Merry and Pippin. The Uruk-hai are
slaughtered by the Rohirrim army of Rohan, but the two Hobbits
escape into Fangorn Forest where they meet
the Ent Treebeard. Aragorn's group later meet the Rohirrim who
have been banished by their king Théoden,
who is manipulated by Saruman's servant Grima Wormtongue.

Gollum leads Frodo and Sam through the
Dead Marshes whilst evading the Nazgûl. They reach the Black Gate
to Mordor but Gollum stops them, saying it's
too risky and that there is another entrance, finding
himself becoming loyal to Frodo for his
kindness.

Gandalf leads Aragorn, Legolas, Gimli, and
King Théoden to Isengard where they reunite with Merry and

Pippin, who helped the Ents destroy Saruman's forces. With Saruman himself defeated, Gandalf retrieves

Saruman's palantír. Overcome by curiosity, Pippin steals a glance into the seeing-stone, and suffers an

immediate mental attack from Sauron himself. From what Pippin was able to recount, Gandalf deduces Sauron

will attack Gondor's capital Minas Tirith, so he rides ahead to warn them, and takes Pippin with him

because Saron thinks Pippin to be the ring bearer.

Meanwhile, Frodo Baggins and Samwise Gamgee are led by Gollum to Minas Morgul where they witness the

Witch-king of Angmar leading an Orc army to drive Denethor's younger son Faramir and his men from

Osgiliath. At Gollum's urging, the three begin climbing a precarious stair carved in the cliff face that

will take them into Mordor via a 'secret way'. But having overheard Gollum's plot to regain the Ring, Sam

keeps a suspicious eye on him.
